## SHEET N° UL 70-AN

### PREVENS REFRESHING WIPES – SOLUTION TSA 68

#### **DEFINITION:**

PREVEN'S REFRESHING Wipes are impregnated with a refreshing solution for use on healthy skin.

#### **INGREDIENTS:**

##### Impregnation solution:

Water, alcohol, Propylene Glycol, perfume, preservatives

##### Non Woven:

Polyester/viscose

#### **USE:**

Very pleasantly scented, PREVEN'S REFRESHING Wipes have been specially designed to refresh the face, hands and body.

For all skin types.

Used once, the wipes refresh with no rinsing required.

The wipes are used at any time during the day, to refresh at home or during travel.

The wipes are suitable for the entire family except children under 30 months.

#### **DIRECTIONS FOR USE:**

Partially remove the label of the travel bag.

Pull out a moist wipe.

Carefully close the package after use, repositioning the adhesive label to keep the wipe moist.

Use several wipes if necessary.

Do not rinse. Let dry.

Dispose of the used wipes, and the travel bag when empty, in the appropriate refuse container.

#### **PRECAUTIONARY MEASURES:**

Use on healthy skin only.

Not suitable for children under 30 months.

Avoid contact with eyes and mucous membrane.

Do not swallow.

#### **IMPREGNATION SOLUTION TOLERANCE TEST:**

Dermatologically tested.

### **INCOMPATIBILITIES**

Do not combine with other products.

### **CONSERVATION:**

The wipes can be stored for 3 years in their original packaging, closed and at normal temperature conditions.

### **OTHER INFORMATION:**

This document is based on our present knowledge related to the concerned product and the data it contains is provided with no other purpose than to give information on our products and their application possibilities. The information complies with current legislation and is given in good faith. It may in no way be construed as a commitment on our behalf on the specific properties of these products or their application for a given use. The users' attention is particularly drawn to the risks that may be encountered when the product is used for purposes other than those for which it was designed.
